

I support media diversity

I am writing to you today to comment on Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules. In its goals to promote competition, diversity and localism in today's media market, I strongly believe that the FCC should retain all of the current media ownership rules now in question. These rules serve the public interest by limiting the market power of already huge companies in the broadcast industry.

I do not believe that the studies commissioned by the FCC accurately demonstrate the negative affects media deregulation and consolidation have had on media diversity. While there may be indeed be more sources of media than ever before, the views presented have become more limited.

If the FCC allows our media outlets to merge, our ability to have open, informed discussion with a wide variety of viewpoints will be compromised.

The public interest will best be served by preserving media ownership rules in question in this proceeding.

Bsides the official hearing on this matter in Richmond, VA, I urge the FCC to hold additional hearings around the nation to allow the widest possible participation from the public. I think it is important for the FCC to not only consider the points of view of those with a financial interest in this issue, but also those with a social or civic interest.

With the serious impact these rule changes will have on our democracy, it is essential the Commission take time to review these issues more thoroughly and allow the American people to have a meaningful say in the process.

Thank you,

Sincerely,

Desta Sirrine
